**STAND FIRM WITH  
DEBRA BOWEN**

Secretary of State Debra Bowen stands for secure, accurate and transparent elections. By ensuring that every voter is registered and every vote is counted, she is defending our rights, the California Constitution and democracy.

**STAND FIRM WITH  
DEBRA BOWEN**

Secretary of State Debra Bowen stands for secure, accurate and transparent elections. By ensuring that every voter is registered and every vote is counted, she is defending our rights, the California Constitution and democracy.

Secretary of State, Debra Bowen is opening up our privatized elections to public scrutiny. As a result, she is being sued by the Registrar of Voters in San Diego County, a former employee of Diebold.

We, the grassroots and netroots, elected Debra Bowen, knowing she will protect the rights of all California voters. Now we need to act. We can make sure that voting machine vendors don't own our elections. In 2008, we need to stand together with Debra Bowen. We need to speak up and speak out.

Secretary of State, Debra Bowen threatens the privatization of elections administration and vendor unaccountability. She is being sued by the Registrar of Voters in San Diego County, a former employee of Diebold.
